

Dear CKS Families,

The last few weeks have been full of activity at CKS. Our students have had so much fun! We greatly appreciate your help in making it all happen.

Our 8th grade students had a wonderful time in Washington, D.C. We are glad they are back safely, and look forward to celebrating their last few weeks here at Christ the King, especially the Farewell Mass and Awards Ceremony on May 19th. Thank you to all who chaperoned and helped to make this special trip possible for them.

Our second grade had a beautiful First Holy Communion and an exciting retreat. They were thrilled to participate in communion and to celebrate this important moment with their families. Last Friday during the May Crowning Mass, I was so very happy to see their smiling faces when they took their second communion with their classmates. Thank you to all who helped to make this such a memorable event.

Our faculty and parents are so committed to making our school a place of incredible educational experiences. Thank you for the special end-of-year fieldtrips, including to 4H Camp and to the Salato Wildlife Center, and all the Boosterthon fun! Last Friday started with a beautiful May Crowning. Thank you our teachers and parents who helped us celebrate our Mother Mary. The Preschool and Kindergarten Derby Parade was adorable! The kids had so much fun, and we enjoyed watching them parade through the school with their hats, silks, and ponies! Thank you for being there and for cheering them on.

On the fundraising side, Boosterthon was new to us this year, and it was very successful all because of you! Our goal was \$18,000, and we are only a few hundred dollars away from that goal! Pledges are still coming in, and the schoolwide incentive, a Parking Lot Recess Party with music and ice cream, is looking very possible! Thank you for your generosity and love for our school. We couldn't do any of it without your support.

God Bless,

Paula Smith, Principal
Christ the King School
