

8.23.2016

Dear Parents,

Thank you for a wonderful start to our school year! Back to School Blast was a great time for us to come together as a community to celebrate the Eucharist and our new year at such a special Catholic school. I would like to thank our cafeteria staff and our Dads Club for preparing the food for Back to School Blast. I would also like to thank our PTO for helping with the event.

Also, you've probably noticed our new basketball goals, a gift from our Dads Club. Thank you, Dads! I hope you have also had opportunity to check out the beginnings of our new preschool playground. It is for our youngest students, ages 2-5. Our playground is looking great! We are still hoping to add some additional pieces this year.

As I said at the Blast, we are continuing our theme of "Living the Faith" this school year. We wish to share with our students each day examples of living our Catholic faith. This year, we will put extra emphasis on vocations. We want to focus on how each one of us lives out our faith through our vocations. A vocation's cross, just like the one that goes to different families in our parish, will go to the different classrooms in our school. We will pray for vocations, and hear from a variety of individuals in the community on how they serve God and others through their occupations.

We look forward to having a wonderful school year. We thank you for your faith and confidence in us. We are working hard to give our all to provide the best education possible for your children. Please help us by volunteering for Oktoberfest, and I will see you at the Parent Nights.

Many Blessings,

Paula Smith, Ed.S.

Christ the King School Principal
