Dear Parents,

Let me start this by saying thank you to all of our parents. This is the most difficult times of our lives but I believe with all my heart that we will get through this. We truly appreciate everything you are going through. I am issuing protocols that will be in effect through April 20. A copy of these protocols will be attached to the email you will receive from your school.

We will be extending Spring Break to two weeks. Those dates are, Week 1 – March 30 – April 3 and Week 2 – April 6 – 10. We will resume N.T.I. days for the week of April 13 – 17. I fully expect that the Governor will extend our closure for a longer period. We will give you further information when this happens.

I know these are difficult economic times for some of you. We completely understand. Please be patient, do not make any drastic decisions until this crisis is over. Please hang with us. I am sure that each individual school will work as best as they can with their parents who need help.

I am very proud of the hard work done by all of our school's staff. We are blessed to have such hard working, dedicated staff. It is abundantly clear that there is a true spiritual bond between our staff and your students. May God continue to Bless all of their work.

In these most unusual times we have had to make many difficult decisions. These decisions were made after much prayerful considerations. Please continue to pray for us as we will pray for all of you daily.

May God Bless each and every one of you!
