

2023-2024 - Upcoming Changes to FACTS

Christ the King School uses FACTS Tuition Management for processing all tuition and related fees as well as financial aid and, starting with the 2023-24 school year, cafeteria balances and other incidental fees that fall outside of tuition. Additionally, with our upcoming implementation of FACTS' Premier Integration service, parents will have a unified login for access to RenWeb (now called FACTS SIS) and FACTS Tuition Management.

The addition of FACTS' Incidental Billing service, to bring non-tuition (e.g., cafeteria charges, Raising the Bar, band, field trip expenses, etc.) and tuition charges "under one roof," involves an additional fee on each FACTS Tuition Management account:

- For families who pay tuition in-full, this means a) an annual FACTS enrollment fee of \$20 (charged by FACTS), and b) the required addition of banking information (credit card or bank transfer) in your FACTS account to cover charges incurred through Incidental Billing.
- For other families whose banking information is already set up for monthly draws in FACTS Tuition Management, your annual FACTS enrollment fee will increase from \$45 to \$50.

All returning families already have a FACTS account set up, even if you pay in full. You can access it by going to <https://online.factsmgt.com/signin/3FG91>. If you do not know your user name, you can email Lindsey Ball at lball@ckslex.org to have it sent to you. If you have forgotten your password you can use the forgot-password process available on the login page.

The banking information you enter at the time of FACTS enrollment will automatically be attached to your tuition payments as well as your incidental expenses. Tuition-related payments will be charged according to the payment plan you've selected, but cafeteria charges and other incidentals will be drawn against your payment method on a monthly basis. If you choose to use a credit card, please bear in mind that FACTS will add a 2.95% credit card processing fee to your payment.

Once Incidental Billing is implemented, families will be able to check any Incidental Invoices and their tuition payment plan; make payments; change their financial accounts; and update their billing information, etc., from within their FACTS Tuition Management account. Additional benefits include:

- Flexible payment options including credit/debit cards and automatic bank withdrawals
- Account access available on any device
- Email or text payment reminders
- All data protected by industry-leading security standards
