

# Update Family Info in RenWeb

To review and make updates, we recommend that you use the CKS Family Demographic Form available in the Web Forms section of ParentsWeb, which has buttons to sub-forms for student medical and demographic information; parent demographic information; emergency contact information; transportation (authorized carline pickup) information; and even grandparent information:

[Transportation](#)  
[Redacted]

[Grandparents](#)  
Add Person

When using the CKS Family Demographic Form, be sure to click the **Save** button at the bottom of each sub-form where you make changes, and to click the **“Return to main form”** button instead of the “<- Back” link at the very top of the sub-forms.

Parents who don't have their own access to RenWeb can create a login for themselves by following [these instructions](#). Note that, as mentioned in those instructions, the e-mail address you intend to use in connection with ParentsWeb must already be in your RenWeb record for the account creation process to complete successfully.
