

Set up RenWeb access for a student

0) This process requires that an e-mail address be on file for the student in RenWeb; you will get an error in absence of one. A parent with existing RenWeb access can use the CKS Family Demographic form in the School | Web Forms section of ParentsWeb to update the student's record to include an e-mail address.

1) [*This step is best done on computer instead of a phone or mobile device.*] Go to www.RenWeb.com and click on the Login | ParentsWeb option

2) At the bottom of the login screen, click the link to create an account

RenWeb ParentsWeb Login

District Code:

CTK-KY

User Name:

Password (case-sensitive):

[Forgot User Name/Password?](#)

Parent

Student

Staff

Login

[Create New ParentsWeb Account](#)

3) Fill in the district code (CTK-KY) and student's e-mail address, and click the button to initiate the creation of the account.

RenWeb ParentsWeb Login

District Code: * Required

CTK-KY

Email:

studentemail@ckslex.org

Must be the e-mail address in the student's record in RenWeb.

Create Account

[Back to Login](#)

4) A confirmation e-mail be sent with a link to complete the account creation process. NOTE: That link will be valid for only six hours, after which the process will have to be started anew.

5) Once the account has been verified, it may be used either in the RenWeb Home app on an iPad or iPhone, or on the ParentsWeb website on mobile devices or computers/Chromebooks (for ParentsWeb, the student will need to select the Student button when logging in). The direct link to ParentsWeb, which can be used to create a bookmark/favorite, is:

<https://logins2.renweb.com/logins/ParentsWeb-Login.aspx>

Middle school Chromebooks have this bookmark to RenWeb under the CKS Bookmarks folder.
